# Stage 5 - Yaroslav's report

m47249 - Eduardo Medeiros        m47753 - Ruben Teimas
m48245 - Luis Ressonha

June 2021

| Nº | 1 |
| --- | --- |
| Problem | Shortcut to add a product on map. |
| Heuristic | Flexibility and efficiency of use |
| Description | A quicker way for the user to add products form the initial screen is not there. |
| Severity | Minor |
| Solution | Implemente a button over the map that leads to the add product page, a shortcut (to make it even more intuitive) |
| Screenshot | Figure 1 |
| Evaluator | Eduardo Medeiros, Ruben Teimas |

| Nº | 2 |
| --- | --- |
| Problem | Text under image |
| Heuristic | Aesthetic and minimalist design |
| Description | In the Add Product page the text "Title" appears a little bit under the product image. |
| Severity | Minor |
| Solution | Move the text a few pixels down. |
| Screenshot | Figure 2 |
| Evaluator | Eduardo Medeiros, Luis Ressonha |

| Nº | 3 |
|---|---|
| Problem | Hints for text fields differ |
| Heuristic | Consistency and standards |
| Description | The hint for the Title and Description text fields differs from the price's text field on the Add Product page. The first ones are inside of the text field and the other is outside. |
| Severity | Moderate, Minor |
| Solution | Choose a type and use them for all. |
| Screenshot | Figure 2 |
| Evaluator | Eduardo Medeiros, Luis Ressonha |

| Nº | 4 |
|---|---|
| Problem | Hints not disappearing when text field clicked. |
| Heuristic | Error prevention |
| Description | When introducing text on the Title and Description text fields on the Add Product page the hints don't disappear which might lead to adding products with wrong titles/descriptions. |
| Severity | Major |
| Solution | Instead of setting a default text on the text field set an hint. |
| Screenshot | Figure 3 |
| Evaluator | Eduardo Medeiros, Ruben Teimas, Luis Ressonha |

| Nº | 5 |
|---|---|
| Problem | Identify all the fields. |
| Heuristic | Consistency and standards |
| Description | Product details and status are properly identified but price and title are not when viewing a product added. |
| Severity | Moderate |
| Solution | Either emphasise the text o Title (bigger font and bold) or identify it and the price as on the product details and the status. |
| Screenshot | Figure 4 |
| Evaluator | Eduardo Medeiros |

| Nº | 6 |
|---|---|
| Problem | Not going to user page. |
| Heuristic | Consistency and standards |
| Description | When viewing the added product list if the user navigation button is pressed nothing happens, it is needed to use the back navigation button from Android. |
| Severity | Major |
| Solution | Allow to go back to the user's page when click the user navigation button. |
| Screenshot | Figure 5 |
| Evaluator | Eduardo Medeiros, Ruben Teimas, Luis Ressonha |

| Nº | 7 |
|---|---|
| Problem | Adding a To Colect product allows to add price. |
| Heuristic | Error prevention |
| Description | When adding adding a To Collect product it is possible to add a price to it, which from the understanding of the scenarios must be free. |
| Severity | Major |
| Solution | Block the option to add price when choosing To Collect. |
| Screenshot | Figure 6 |
| Evaluator | Eduardo Medeiros |

| Nº | 8 |
|---|---|
| Problem | Empty page on empty wish list. |
| Heuristic | Visibility of system status |
| Description | When wish list is empty a blank page is shown. |
| Severity | Moderate, Minor |
| Solution | Display a simple text saying the list is empty. |
| Screenshot | Figure 7 |
| Evaluator | Eduardo Medeiros, Luis Ressonha |

| Nº | 9 |
|---|---|
| Problem | Keyboard does not disappear on tap |
| Heuristic | Aesthetic and Minimalist Design |
| Description | When clicking on the screen the keyboard does not disappear which occupies a lot of space and reduces user's field of view |
| Severity | Major |
| Solution | Hide the keyboard when the screen is pressed (outside the keyboard area) |
| Screenshot | - |
| Evaluator | Ruben Teimas |

| Nº | 10 |
|---|---|
| Problem | Overlapping text |
| Heuristic Minimalist Design | Aesthetic |
| Description | In the add product screen some text fields overlap the image |
| Severity | Major |
| Solution | Create a scrolling mechanism so that image can go up |
| Screenshot | 9 |
| Evaluator | Ruben Teimas, Luis Ressonha |
